Here you go, Pam –

If you have access to epaossc.org, this information (some of it updated daily) is all there in the Documents list. Things really ramped up over the weekend, so this IAP and org chart are much different/more extensive than last week's. Ken said he doesn't expect it to change much going forward, although of course there will be a new Situation Report each day.

Let me know if there's anything else I can help you with. Hope you're having a good experience!

Good Morning,

Would it be possible for me to receive an electronic copy of the Blue Out the door packet? Can the pages be scanned to me?

Thanks
